Chocolates by Miss Witt

Chocolates by Miss Witt is owned by Kerry Witt, who lives in the wonderful seaside town of Lymington, New Forest. An award-winning chocolatier, Miss Witt ethically sources all her chocolate ingredients and makes a wonderful selection of hand-crafted chocolates perfect for any occasion or simply just because.

Please choose one of the following activities.

Chocolate Truffles

Begin your activity by working in a small team to learn how to temper chocolate, before crafting your own selection of chocolate truffles in our venue. Choose from a selection of flavours to enhance or contrast the taste of the chocolate.

You will then have the opportunity to make a small batch of chocolate mendiants, thin discs of chocolate traditionally made in France, decorated with nuts, and dried fruits. Experiment with a range of cocoa butter sheets to unveil a beautiful print.

It's then time to put your chocolatiering to the test, as Miss Witt selects a winning team to be crowned chief chocolatier of the day.

All guests will leave with 21 truffles in beautiful boxes to enjoy at home.

TIME: 2 hours

Crafting Cocktail Chocolates

In small teams, choose between a selection of cocktail recipes using a range of gins, spirits and flavoured spirits to create your cocktail or mocktail chocolates in our venue. You will have a selection of different chocolates to experiment with and ideas to inspire your imagination.

Once you have chosen your recipe, now it's time to perfect your technique, by learning how to make a chocolate shard. This will create a delicate garnish for your cocktails. Then discover how to temper chocolate as you craft your truffles.

Gift wrap your chocolates and enjoy at home.

TIME: 2 hours

Espresso Martini Truffles & Hazelnut Mendiants

Miss Witt will begin by giving a brief demonstration and step by step guide how to create a selection of Espresso Martini milk chocolate truffles in our venue. As your truffles are setting, learn how to temper chocolate.

Each person will leave with 18 gift wrapped espresso martini truffles to enjoy at home, if you were able to resist temptation.

TIME: 2 hours
