Welcome to the New Forest! We love extending the warmest hospitality to your furry friends and believe they should be treated as one of the family during your stay.

Our rooms are cleaned to a very high standard, so you won't even know they were there.

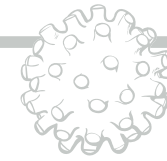

On arrival, your furry friend will receive their very own doggy welcome pack. There is a pup station available at Reception, which includes dog towels and treats.

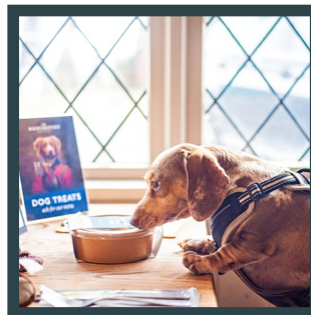

*Yummy treats also available to purchase!*

All our outdoor grounds and gardens are dog-friendly, but please keep your dog on a lead at all times and remember to clean up after them.

Should you wish to dine with your dog, please speak with a team member and they will arrange this.

Your furry friend may join you in Reception, lounge, bar and garden area. The restaurant and pool area are reserved for humans only.

Start the day with a brisk morning walk and enjoy the sunrise across the forest.

*Speak with the Reception team for the best spot to go*

Have a safe journey home! We look forward to welcoming you back soon.
