

NEW FOREST HOTELS

The Rise of Multi-Generational Family Group Travel: Why New Forest Hotels is the Perfect Destination for Your Next Family Getaway

In recent years, multi-generational family group travel has become a growing trend, offering families the chance to reconnect, create memories, and bond in ways that everyday life doesn't always allow. Whether it's grandparents, parents, children, or even great-grandparents, there's something incredibly special about traveling together as a family. The New Forest, with its stunning natural beauty and wealth of activities, provides the perfect setting for these types of trips. And with New Forest Hotels, we offer the ideal venues and experiences for families of all ages to enjoy.

Strengthening Family Bonds Across Generations

One of the most valuable aspects of multi-generational travel is the opportunity it provides for families to strengthen their bonds. In today's fast-paced world, time spent together can be scarce, especially with family members living in different areas or leading busy lives. A family getaway allows everyone to slow down and truly connect. With a variety of accommodation options across our four beautiful hotels—Bartley Lodge, Forest Lodge, Burley Manor, and Beaulieu Hotel—we make it easy for families to come together in one place, ensuring that everyone, no matter their age, has a comfortable space to relax, unwind, and share special moments.

At New Forest Hotels, we understand the importance of family time. That's why our venues are designed with families in mind, offering spacious rooms and the perfect mix of modern comfort and traditional charm. Whether you're enjoying a family dinner at one of our renowned restaurants, taking a stroll through the peaceful grounds, or simply spending quality time in our cozy lounges, we provide a welcoming and relaxing environment for your multi-generational family retreat.

Building a Legacy Through Shared Experiences

Traveling together as a family also provides an opportunity for older generations to pass down wisdom, traditions, and stories to younger family members. Our picturesque New Forest setting, with its rich history and natural beauty, is the perfect backdrop for creating these lasting memories. Imagine the grandparents sharing tales of their own childhood adventures while exploring the forest or enjoying a leisurely picnic on the grounds. The legacy that's built during these trips can be carried forward, strengthening family connections for years to come.

At New Forest Hotels, we offer not just a place to stay, but a chance to build a family legacy through shared experiences. Our knowledgeable team can help you plan bespoke family activities that include outdoor adventures in the New Forest, such as guided nature walks, wildlife spotting, and even relaxing spa treatments for the adults while the kids enjoy the playground or a specially curated kids' activity package.

Bridging the Generation Gap with Fun Activities for All Ages

A key reason for the rise in multi-generational travel is the desire to bridge the generation gap and foster deeper understanding between different family members. The New Forest offers a diverse range of activities that cater to every age group. For younger family members, the opportunity to explore the forest on foot, bike, or even on horseback offers the perfect way to learn and experience the natural world. Older generations can enjoy the tranquillity of the forest, whether it's strolling along scenic walking trails or visiting local attractions such as the National Motor Museum in Beaulieu.

At New Forest Hotels, we pride ourselves on offering a variety of activities that allow your entire family to engage with the landscape in unique and enjoyable ways. Whether it's a peaceful afternoon bike ride through the forest, a group cooking class where you learn to prepare local dishes, or an exhilarating treasure hunt that brings the whole family together, we ensure that every family member has the chance to contribute to the fun.

The New Forest: Adventure Awaits for All Generations

The New Forest is one of the most spectacular areas in the UK, offering a diverse range of activities that appeal to every generation. From scenic walks and cycle rides through ancient woodlands, to wildlife spotting, horse riding, and even water sports at the nearby New Forest Water Park, there is something for everyone. Whether your family enjoys exploring the outdoors, seeking a little adventure, or simply enjoying the beauty of nature, the New Forest provides the perfect backdrop for making memories.

For those who prefer a more relaxed pace, the New Forest is also home to quaint villages, traditional pubs, and charming tea rooms, offering a perfect retreat after a day of outdoor adventures. The region's rich history, including the famous Lyndhurst village where Alice Liddell is buried, provides families with a chance to learn together, exploring the historical and cultural significance of the area.

At New Forest Hotels, we are ideally situated in the heart of this extraordinary landscape, making it easy for families to enjoy everything the New Forest has to offer. From outdoor adventures and guided tours to luxurious relaxation and fine dining, we ensure that all generations can enjoy the best of what this stunning region has to offer.
